

SMART Serv[®]

THE SMART CHOICE IN CARRYOUT CONTAINERS.

SmartServ, packaging of the future has arrived.

FOLD-PAK a RockTenn company

SmartServ the smart choice

SmartServ containers are effective for hot, cold, wet or dry foods. SmartServ's cup-like shape makes it easy to fill and comfortable to hold. SmartServ containers nest tightly, so they reduce shelf space and are easy to store. In addition, the one-piece design eliminates the common container/lid issue. SmartServ's leak-resistant design has no open folds or glue points, so food contents stay neatly where you put them. Best of all, customers can eat right out of the package!

SmartServ food containers are the smart choice for Italian restaurants, delicatessens, salad bars, caterers, supermarkets, bakeries, convenience stores and Chinese restaurants.

SmartServ keeps the food hot and fresh, unlike other packaging. SmartServ is leak-resistant, grease-resistant and microwaveable. SmartServ containers are ideal for holding pasta dishes, hot wings, deli salads, and most side dishes. SmartServ, making food service beautiful.

The new stock design, *Inspired by Nature*, offers you a trendy design for your hot and cold foods. From side dishes to full entrees SmartServ will keep your food and your customers coming back.

SmartServ Asian stock design.

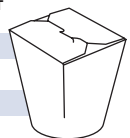

Custom printing is available.
